

The Tough gets going!

Publisher Mohawk Media has today released a teaser image following its acquisition of the license to produce original adventures of **Tough Guy**.

Tough Guy, the British publisher's first title since the top-selling official **Mr. T** graphic novels, is written by Chris Bunting (Mr. T; Action Man) and illustrated by Steve Beckett (Beano Annual; General Jumbo).

Bunting describes Tough Guy as a "real throwback action hero, a punch in the eye of two major opponents: terrorism and rampant

political correctness. He's A-Team meets James Bond and Indiana Jones, with the hard edge of Dirty Harry."

Bunting continues: "Boys, both young and middle-aged, are bound to identity with Tough Guy, as he's anything but yet another bland, demasculinised hero."

Further details are due to be announced by Mohawk Media soon.
